Jerold & Rich,

Thanks for all of your expert technical advise, service & follow up on our 25/7 DVR security system. Your system exceeded all of our security expectations by allowing full video coverage of the interior & exterior of our business as well as remote monitoring and notification. Your insight to the needs of my business and the products to fill those needs is superb.

The system allows me complete peace of mind and video documentation day & night of my facility anywhere in the world!

I am looking forward to installing a new flat screen informational display from you in the near future.

Best Regards,
