

# Fort Knox Mailbox Upgrade

"The Best He Has Ever Seen"

08-28-08

Jerold,

One word - AWESOME!

Compliments to Fort Knox and 25/7 for all their support on this project, especially to the last minute changes. Mike worked on the boxes for over two days and produced an awesome looking product. The neighbors were excited to get the boxes installed and I already heard from one neighbor that the boxes hold a lot of mail.

Also, as a side note, the post office (Jeff) came out to get their locks and install the lock on the out going box. After retrieving their locks, Jeff called and told my wife that the boxes are the best he has ever seen in his 35 years of working for the post office and that he doubts we will ever have a problem with mail theft. He also mentioned that he will send all people inquiring about boxes to our neighborhood for a drive by.

The one thing I noticed was the fact that the boxes tend to blend into the neighborhood versus standing out when the boxes were installed in the structures. Good choice on Green!

So far, everybody is very happy, waiting to have the other shoe drop and hear negatives but it appears the consensus is - it's about time!

Take care and appreciate working with you.

Scott & Nikcole Sanner
